

## Textbook of Uroradiology

***Thoroughly revised and updated for its fourth edition, this text is an ideal reference for radiologists throughout their careers—from residents reviewing for boards to seasoned practitioners.***

Source: Lippincott Williams & Wilkins (LWW)

Author(s): Dunnick, N. Reed; Sandler, Carl M.; Newhouse, Jeffrey; Amis, Jr., E. Stephen

ISBN-10: 0781767504

ISBN-13: 9780781767507

This work concisely presents current, clinically relevant information on anatomy, embryology, congenital anomalies, diagnostic imaging techniques, and renal and genitourinary diseases and trauma, and provides more in-depth coverage of contrast material than any other text. The user-friendly format features more than 1,000 illustrations, chapter opening outlines, and text boxes that highlight key points and differential diagnoses.
