

Drug Information Full Text (Two-Book Package)

Two premier pharmaceutical reference books in one: AHFS Drug Information and Handbook on Injectable Drugs. These books are available only as a two-book package; they are not sold separately.

Source: American Society of Health-System Pharmacists (ASHP)

AHFS Drug Information

This resource contains the complete text of over 2,000 evaluative monographs covering over 110,000 commercially available and experimental drugs in the United States. Plus:

- Expanded and revised content for 2009, including many new monographs
- Extensive off-label uses.
- Expert advice and peer reviewed by over 500 medical scientists, physicians, pharmacists, pharmacologists, and other professionally qualified individuals
- Over 40,000 represented medicines and over 100,000 drug products
- Over 70,000 uniquely cited references
- Only well-established, referenced laboratory test interferences

Handbook on Injectable Drugs

Pharmacists everywhere agree this is the this is the "gold standard" in drug reference.

- Quickly find data on 359 drugs
- Cross-reference monographs with AHFS Drug Information
- Check how to prepare, store and administer drugs
- Search information accumulated from 2,723 references, 100 new to this edition

For more details on Handbook on Injectable Drugs, go to the book's individual catalog page.
