

## Lippincott/Springhouse Nursing Collection

*The quality nursing books you need in one convenient collection*

Source: Lippincott Williams & Wilkins (LWW)

Today's nursing professionals need authoritative, comprehensive, up-to-date information that's easily accessible. The Lippincott/Springhouse Nursing Collection, available via Books@Ovid, is an unmatched resource for a wide range of nursing research needs. In one convenient package, you'll have access to practical, day-to-day reference guides such as *Nettina: Lippincott Manual of Nursing Practice* and *Carpenito: Nursing Care Plans and Documentation*, as well as references for updating specialized clinical skills, such as *Cardiac Nursing* and *Fluid and Electrolyte Balance*.

The Lippincott/Springhouse Nursing Collection is the complete source for essential, authoritative nursing content - and the only source for online nursing books today - making it a vital component of any comprehensive clinical or academic library.

- n The most authoritative, highly cited nursing content in the world
- n Comprehensive coverage of key nursing topics in a single electronic collection - from core nursing knowledge and procedures, to specialized subjects
- n Fast, intuitive searching - the targeted information you need retrieved precisely and quickly through Books@Ovid
- n Quick and easy access to updated NANDA diagnoses, nursing interventions and treatments, plus state-of-the-art procedures, techniques and equipment
- n Coverage of key nursing considerations and practices - from patient and family teaching, to complementary therapies, to current drug information
