

Philosopher's Index, The

The Philosopher's Index is a current, comprehensive, and easy-to-use subject and author index to philosophical articles; books; anthologies; and contributions to anthologies.

Source: Philosopher's Information Center

The Philosopher's Index is a bibliographic database with informative author-written abstracts covering scholarly research in the fifteen fields of philosophy, published in journals and books since 1940. Records cite journal articles, books, contributions to anthologies, and book reviews. The Index includes more than 622 regularly indexed current journals from more than 40 countries in English, Spanish, German, French, Italian, Dutch, Portuguese, Czech, Hungarian, Polish and many other languages. Topics covered include: aesthetics, axiology, philosophy of education, epistemology, ethics, philosophy of history, philosophy of language, logic, metaphysics, philosophical anthropology, metaphilosophy, political philosophy, philosophy of science, social philosophy, and the philosophy of religion.
