

## Clinical Trials Insight - Antibacterials

***Clinical Trials Insight - Antibacterials is a unique slice of Clinical Trials Insight that focuses solely on Antibacterial clinical trials.***

Source: ADIS International

Study summaries provide a clear evaluation of the study, comparative treatment outcomes, key messages, results, and clinical and commercial impact of the results. An Adis evaluation score provides an independent guide to the quality of the trial, study design, and reporting.

- n Updated weekly
- n Pin-pointed Antibacterial content
