

ATLA Religion Database + ATLAS

ATLAS is an online collection of major religion and theology journals selected by leading religion scholars and theologians.

Source: American Theological Library Association (ATLA)

ATLAS Religion Database + ATLAS is the ATLA Religion Database with the addition of links from article citations directly to the complete content of the articles at the ATLAS Web site. For one all-inclusive subscription price, users can access full text in all theological disciplines from the world's most essential religion journals. ATLA Religion Database + ATLAS is the premier scholarly tool for researching theological perspectives on history, the humanities and the social sciences. It features Biblical studies, world religions, Church history and social issues.
