

Adis International Collection (All Titles Collection)

A cost-effective package of 20 premium journals offering practical, authoritative support for research and practice in pharmacology, therapeutics, and disease management

Source: Springer Science+Business Media

Adis International has a 40-year heritage of offering invaluable information in pharmacology, therapeutics, and disease management. In recognition of this, Ovid has designed an integrated and cost-effective collection of select Adis journals that helps to ensure that your users have access to this critical content in an easy-to-use and highly searchable format.

Adis titles such as *Drugs*, *Clinical Drug Investigation*, and *Clinical Pharmacokinetics* are among the most cited publications in their respective fields, and provide a unique blend of original articles, authoritative reviews, drug profiles and evaluations. Because all the manuscripts are peer-reviewed by international opinion leaders, you're assured that the information you trust to support your decision-making and research needs is independent, objective, and of the highest quality.
