

## Adis Journal Legacy Archive

**Backfiles of 31 high-quality, highly cited journals in pharmacology, pharmaceutical science, and biotechnology - exclusive to Ovid!**

Source: Springer Science+Business Media

Archival information is just as crucial to the drug development and innovation processes. Besides, users don't really have time to look on the shelves for the print issue or deal with inter-library loans.

Available exclusively on Ovid, Adis Journal Legacy Archive is made up of the backfiles of 31 high-quality, highly cited journals - including precursor titles - published by Adis International, one of the leading providers of peer-reviewed pharmacology, pharmaceutical, and biotechnology journal literature. See a complete list of journals below.

Why Adis Journal Legacy Archive on Ovid?

- n Over 3,600 issues going back as far as 1971 (in most cases beginning with Volume 1)
- n Delivered in PDF format; sophisticated scanning processes ensure all text and imagery is clean and easy to read
- n All article content—reviews, notes, case studies, and letters—is included
- n More than 150 supplements from 8 journals
- n Quick, easy access to content you can't find anywhere else online from some of the most prestigious journals in pharmacology and pharmaceutical research and development
- n Simultaneous access to both front and backfile Adis journal literature
- n Advanced precision search and discovery Journals@Ovid functionality on Ovid Gateway and OvidSP
- n Available for convenient one-time purchase
