

Journal of Rural Health, The

Official Journal of the National Rural Health Association

Source: Wiley-Blackwell

ISSN: 0890765X

EISSN: 17480361

The Journal of Rural Health, a quarterly journal published by the NRHA, offers original research encompassing evaluations of model and demonstration projects to improve rural health, statistical comparisons of rural and urban differences, and mathematical models examining the use of health care services by rural residents. Summaries of recently published rural health research discuss the objectives, geographical focus, database, and methods and outcomes of the research.
