

Journal of Occupational & Environmental Medicine

The official publication of the American College of Occupational and Environmental Medicine

Source: Lippincott Williams & Wilkins (LWW)

Author(s): Brandt-Rauf, Paul W.

ISSN: 10762752 EISSN: 15365948

The Journal of Occupational and Environmental Medicine is an indispensable guide to good health in the workplace. In-depth, clinically oriented research articles and technical reports keep occupational and environmental medicine physicians up-to-date on new medical developments in the prevention, diagnosis, and rehabilitation of environmentally-induced conditions and work-related injuries and illnesses.

The journal is an excellent source for new ideas, concepts, techniques, and procedures that can be readily applied in the industrial or commercial employment setting.
