Journal of Media Practice

This journal is available exclusively through the Intellect Arts and Creative Media Collection, and not available a la carte.

Source: Intellect Ltd

Author(s): John Adams

ISSN: 14682753

The journal aims to enrich the understanding of media teaching and research, through the publishing of articles that build a profile of established and innovative practical approaches. The journal provides an interdisciplinary arena where practices in one field stimulates thinking in another. It encourages analysis of practical work on the shifting boundaries between existing and emerging media forms (film, television, multimedia, the web) connecting education with creative and industry-orientated practice.
