Epilepsia

Source: Wiley-Blackwell

ISSN: 00139580

EISSN: 15281167

The leading international journal on the epilepsies for more than thirty years, *Epilepsia* provides comprehensive coverage of current clinical and research results. Each issue features articles on the diagnosis, treatment and management of epilepsy, written by the foremost experts world-wide. Articles encompass the entire range of epileptology, including clinical neurology, neurobiology, neurochemistry, neuropharmacology, neurophysiology, neuropsychology and neurosurgery. *Epilepsia* is the Journal of the International League Against Epilepsy.
