Acta Neurologica Scandinavica

Source: Wiley-Blackwell

ISSN: 00016314

EISSN: 16000404

The aim of Acta Neurologica Scandinavica is to publish manuscripts of a high scientific quality representing original clinical, diagnostic or experimental work in neurology and neurosurgery. This journal is an international forum for the dissemination of information advancing the science or practice of these disciplines. Papers focus on bringing new knowledge and observations from the application of therapies or techniques in the combating of a broad spectrum of neurological disease and neurodegenerative disorders.
