

## Journal of Family Practice

---

Source: Dowden Health Media

ISSN: 00943509

The Journal of Family Practice is part of the prestigious Brandon Hill list and is recognized as the leader in family practice clinical research. JFP provides the practicing and research communities of family physicians with a broad range of scholarly work in the discipline. The Journal publishes original research, evidence-based clinical reviews, and timely commentary that advance the knowledge base of family practice. The Journal is carefully designed to support further development of the science base of family practice, through original research and critical review of available evidence in timely clinical areas.
