Geriatric Nursing

Source: Elsevier

ISSN: 01974572

EISSN: 15283984

Geriatric Nursing is the best source for clinical information and management advice relating to the care of older adults. As the official publication of the National Gerontological Nursing Association, the journal's peer-reviewed articles report the latest developments in the management of acute and chronic disorders. Geriatric Nursing is written for nurses and nurse managers who work in hospitals, long-term care facilities, senior centers, or in home care.
