

## Heart & Lung: The Journal of Acute & Critical Care

***Heart & Lung: The Journal of Acute and Critical Care, the official publication of The American Association of Heart Failure Nurses, presents original, peer-reviewed articles on techniques, advances, investigations, and observations in acute and critical care, respiratory and heart failure nursing.***

Source: Elsevier

Author(s): Kathleen S. Stone

ISSN: 01479563

EISSN: 15273288

The Journal's acute care articles focus on critical care provided for a short time, often outside the intensive care unit. The Journal's heart failure articles focus on improving heart failure patient outcomes. Other sections focus on infection control, neonatal nursing, advanced practice nursing, pharmacotherapy, ethical issues, and patient education. Many articles provide nurses with a framework for applying research results in clinical practice.
