The Journal of Perinatal and Neonatal Nursing (JPNN) strives to advance the practice of evidence-based perinatal and neonatal nursing through peer-reviewed articles in a topic-oriented format. Each issue features scholarly manuscripts, continuing education options, and columns on expert opinions, legal and risk management, and education resources. The perinatal focus of JPNN centers around labor and delivery and intrapartum services specifically and overall perinatal services broadly. The neonatal focus emphasizes neonatal intensive care and includes the spectrum of neonatal and infant care outcomes. Featured articles for JPNN include evidence-based reviews, innovative clinical programs and projects, clinical updates and education and research-related articles appropriate for registered and advanced practice nurses.
