Journal of Clinical Nursing

Source: Wiley-Blackwell

ISSN: 09621067

EISSN: 13652702

Journal of Clinical Nursing is the ideal information resource for nurses everywhere seeking to enhance their practice. Focusing directly on the theory and practice of nursing and highlighting matters of concern to practicing nurses, Journal of Clinical Nursing covers important issues such as: the developing role of nurses and those who assist them; the relationship of nursing theory to current practice; methods of assessment, planning, intervention and evaluation; the clarification of concepts relevant to nursing practice; the organization of clinical nursing work; the nature of clinical nursing expertise; quality assurance in nursing; teamwork in health care; the integration of clinical, educational and research work; the implications of policy and management decisions; as well as information technology and computing.
