

Immunology

An Official Journal of the British Society for Immunology

Source: Blackwell Publishing

Author(s): M. Kemeny

ISSN: 00192805

EISSN: 13652567

Recognized as one of the leading journals in its field, Immunology publishes papers describing original work in all areas of immunology including: cellular immunology, immunochemistry, immunogenetics, allergy, and transplantation immunology. The Journal also publishes rapid communications and occasional review articles on subjects of topical interest to immunologists. Particular emphasis is placed upon clarity and brevity of expression. The Journal is essential reading for workers in all areas of immunological research.
