

Journal of Urology

Source: Elsevier

Author(s): Jay Y Gillenwater MD

ISSN: 00225347

EISSN: 15273792

The most widely read publication in the field, The Journal of Urology brings readers solid coverage--all the clinically relevant information needed to stay at the forefront of this dynamic field. The journal presents investigative studies on critical areas of research and practice; survey articles providing short condensations of the best and most important urology literature worldwide; and practice-oriented reports on interesting clinical observations. The Journal includes original peer-reviewed articles, reports on innovative techniques, letters to the editor and editorial comments, case reports, and abstracts.

n Official journal of the American Urological Association
