

ASAIO Journal

A peer reviewed journal of the American Society for Artificial Internal Organs, ASAIO Journal is the primary source for timely and authoritative updates in the field of bionic technologies research and development.

Source: Lippincott Williams & Wilkins (LWW)

Author(s): Joseph B. Zwischenberger

ISSN: 10582916

EISSN: 1538943X

In the forefront of the field, ASAIO Journal highlights state-of-the-art investigations in biological, tissue, and genetic engineering and other biomimetic substitutes, laboratory and clinical trials, as well as discussion and opinions from experts around the world. Cardiovascular surgeons, transplant physicians, nephrologists, and biomedical engineers look to the ASAIO Journal for the very latest research and upcoming developments in the field.
