

Archives of Internal Medicine

Source: American Medical Association (AMA)

ISSN: 00039926

EISSN: 15383679

Archives of Internal Medicine is a peer-reviewed, primary source journal publishing a broad spectrum of articles relevant to everyday patient care in general internal medicine and subspecialty areas. Articles published in the Archives provide the theoretical background essential to sound clinical decision making. The Archives features at least one key review article on current clinical topic in every issue, as well as editorials and commentaries.
