

## Epidemiology

***The official journal of the International Society for Environmental Epidemiology, Epidemiology is a peer-reviewed scientific journal that publishes original research on the full spectrum of epidemiologic topics.***

Source: Lippincott Williams & Wilkins (LWW)

Author(s): Allen J. Wilcox

ISSN: 10443983

EISSN: 15315487

Epidemiology guides epidemiologists, public health investigators and health professionals to what's new and important in epidemiological research including the latest principles and methods of data analysis. Encouraging contributions that stimulate research, the journal has reported on such topics as mortality among cell phone users, caffeine consumption and spontaneous abortion, NSAIDs, and breast cancer.
