

American Journal of Clinical Dermatology

The American Journal of Clinical Dermatology promotes rational therapy and effective patient management in dermatology.

Source: Springer Science+Business Media

Author(s): Kathy Fraser

ISSN: 11750561

The American Journal of Clinical Dermatology is an invaluable journal specifically designed as a forum for discussing, evaluating and disseminating the latest information about dermatological disorders. In this rapidly evolving area, the journal provides healthcare practitioners with objective information in the form of up-to-the-minute reviews and clinical research from international thought leaders on the use of dermatological drugs, procedures and diagnostics.
