# European Journal of Cardiovascular Prevention and Rehabilitation

*The official journal of the European Association for Cardiovascular Prevention and Rehabilitation (EACPR) of the European Society of Cardiology (former Working Groups on Epidemiology & Prevention and Cardiac Rehabilitation & Exercise Physiology).*

Source: Sage Publications, Inc.

ISSN: 17418267

The journal serves the interests of complementary working groups in the European Society of Cardiology and other European professional societies such as hypertension, atherosclerosis, diabetes, internal medicine, behavioural medicine and general practice. It provides an avenue for reports of the European Heart Network, national heart foundations, non-governmental and governmental organizations, and the European Union.
