

Nursing Research

The official journal of the Eastern Nursing Research Society and the Western Institute of Nursing, Nursing Research is the most sought-after nursing resource--offering more depth, more detail, more of what today's nurses demand.

ISSN: 00296562

Nursing Research covers key issues, including health promotion, human responses to illness, acute care nursing research, symptom management, cost-effectiveness, vulnerable populations, health services, and community-based nursing studies. Each issue highlights the latest research techniques, quantitative and qualitative studies, and new state-of-the-art methodological strategies, including information not yet found in textbooks. Expert commentaries and briefs are also included. In addition to 6 issues per year, Nursing Research from time to time publishes supplemental content not found anywhere else.
