

Otolaryngology -- Head and Neck Surgery

Official journal of the American Academy of Otolaryngology-Head and Neck Surgery Foundation, Inc. and the American Academy of Otolaryngic Allergy

Source: Elsevier

Author(s): M. S. Benninger

ISSN: 01945998

EISSN: 10976817

The journal presents peer-reviewed articles and case reports on recent developments in medical and surgical treatment of the ear, nose, throat, and related structures of the head and neck. Otolaryngology-Head and Neck Surgery also provides concise presentations of new instruments and medical devices as well as articles describing the complications and side effects of new drugs.

The Mission of Otolaryngology - Head and Neck Surgery is to publish contemporary, ethical, clinically relevant information in otolaryngology, head and neck surgery (ear, nose, throat, head, and neck disorders) that can be used by otolaryngologists, scientists, and related specialists to improve patient care and public health.

- n Ranked 9th out of 32 Otorhinolaryngology titles on the 2002 ISI Journal Citation Reports
