

Journal of ECT, The

The official journal of the Association for Convulsive Therapy, the Journal of ECT is dedicated to the science of electroconvulsive therapy and related treatments.

Source: Lippincott Williams & Wilkins (LWW)

Author(s): Vaughn McCall

ISSN: 10950680

EISSN: 15334112

The Journal of ECT covers all aspects of contemporary electroconvulsive therapy, reporting on major clinical and research developments worldwide. Leading clinicians and researchers examine the effects of induced seizures on behavior and on organ systems; review important research results on the mode of induction, occurrence, and propagation of seizures; and explore the difficult sociological, ethical, and legal issues concerning the use of ECT.
