

American Journal of Emergency Medicine, The

Source: Elsevier

Author(s): J. Douglas White, MD

ISSN: 07356757

EISSN: 15328171

A distinctive blend of practicality and scholarliness makes the American Journal of Emergency Medicine the best source of information on emergency medical care. Covering all activities concerned with emergency medicine, it is the journal to turn to for information to help increase the ability to understand, recognize and treat emergency conditions. Issues contain clinical articles, case reports, review articles, editorials, international notes, book reviews and more.
