

Current Opinion in Allergy and Clinical Immunology

A highly regarded journal offering insightful editorials and on-the-mark invited reviews, and covering key subjects such as upper airway disease; food allergy; mechanisms of allergy and adult asthma; drug allergy; and immunotherapy

Source: Lippincott Williams & Wilkins (LWW)

Author(s): Ballou, Mark ; Canonica, G. Walter

ISSN: 15284050

EISSN: 14736322

Published bimonthly, each issue of Current Opinion in Allergy and Clinical Immunology introduces world renowned guest editors and internationally recognized academics within the allergy and clinical immunology field, delivering a widespread selection of expert assessments on the latest developments from the most recent literature. All reviews are supplemented with two indispensable sections - References and Recommended Reading and Current World Literature - which provide a thorough bibliography of references acquired from the top 100 allergy journals.
