Acta Neuropsychiatrica

The official journal of Interdisciplinary Society of Biological Psychiatry

Source: Wiley-Blackwell

ISSN: 09242708

EISSN: 16015215

Acta Neuropsychiatrica publishes high-quality, innovative articles on the clinical, preclinical and molecular aspects of neuropsychiatric disorders, including the phenomenology, measurement, epidemiology and socio-ecological aspects and the pathophysiology and treatment of neuropsychiatric disorders. All articles, letters, editorials or case reports undergo peer-review.

This is the official journal of Interdisciplinary Society of Biological Psychiatry in collaboration with World Psychiatric Association Sections on Biological Psychiatry and Measurement Instruments in Psychiatric Care
