Master Techniques in Surgery: Hernia

Part of a brand-new series that presents common and advanced procedures in the major subspecialties of general surgery. The contributors fully explain their preferred techniques in step-by-step, thoroughly illustrated detail, assess indications and contraindications, offer guidelines on preoperative planning, and discuss outcomes, complications, and follow-up. Features include over 250 original full-color drawings and step-by-step guidance from over 40 masters in their field.
