

Ovid®

5-Minute Anesthesia Consult

Rely on Ovid as the trusted solution that transforms research into results

Provides a readily accessible compilation of anesthesia topics that is useful to students, residents, physicians, certified nurse anesthetists, anesthesia assistants, and ancillary medical staff

Following the highly successful format of the 5-Minute Clinical Consult series, 480 topics will be covered, each in a highly formatted two-page spread covering risk factors and epidemiology, preoperative evaluation, intraoperative care and postoperative care. The topic specific format of each chapter provides a focused, evidence-based, yet simplified, discussion of Physiology, Management, Co-Existing Disease, Surgical Procedure, and Drug Topics.

In addition to general operative and perioperative care, this comprehensive book also covers subspecialty topics in cardiac, neurosurgical, obstetric, geriatric, critical care, pediatric, regional, vascular, thoracic, and acute and chronic pain.

*Includes 480 distinct topics covering a wide range of conditions

*Each entry is presented in a standardized template for easy access to key information

*Each chapter provides a list of additional, complementary topics that are available within the book; this allows readers to supplement their knowledge of a given topic

*Unique to this textbook is the Management section, which covers a comprehensive list of perioperative complications and issues which is invaluable for oral board review

*Chapter topics include a large number of ABA keywords

*Over 300 expert contributors
