This authoritative, highly illustrated text and color atlas provides a step-by-step guide to commonly performed minor surgical and dermatology procedures.

An essential text on skin and minor surgery for all trainees and practitioners whether experienced surgeon, dermatologist, family doctor, nurses and the supporting healthcare team. Divided into three main color-coded sections, the book covers: the essential background information including postsurgical aftercare, the key knowledge required for diagnosis and management, and the skills necessary to perform the procedure step by step.
