Pathways to a Nursing Education Career: Educating the Next Generation of Nurses

This highly accessible volume is designed to aid novice educators and faculty-in-training in making a smooth transition from nursing practice to the world of academia. Written by two educators with a broad range of experience in both academia and national leadership positions, the volume offers a blueprint for developing the competencies related to stepping into a faculty role.

The authors define the unique characteristics of different educational settings, and discuss how to select an environment that reflects one's values and personal and professional goals. Case studies offer strategies for coping with the multiple roles, stresses, and demands that novice educators often encounter. The book will help new and future nurse educators to surmount a potentially overwhelming transition with ease and confidence.
