Contains over 40 well-structured, peer-reviewed cases from the Oxford Hospitals, giving detailed coverage of the specialty, including diagnostic and management dilemmas.

Each case comprises a brief clinical history and the relevant examination findings; details of investigations undertaken followed by questions on differential diagnosis and management; and detailed answers and discussion. The text is complimented by over 50 radiographic illustrations and an 8-page colour plate section. The question-and-answer format is designed to enhance the reader’s diagnostic ability and clinical understanding.
