Written by the experts at one of the foremost headache centers in the United States.

The Jefferson Headache Manual is a practical guide for the practitioner seeking assistance in diagnosing and treating headache patients. Written by the experts at one of the foremost headache centers in the United States, the Manual provides a systematic approach to identifying and managing all types of headaches. Migraine, chronic daily and tension headache, cluster headache, post-lumbar puncture and high and low pressure headaches, medication overuse, and unusual primary headaches are all covered.
