Succinct text, outstanding illustrations, and up-to-date content make this title a must-have reference for neuroradiologists, general radiologists, neurologists, and neurosurgeons.

More than 300 diagnoses that are delineated, referenced, and lavishly illustrated highlight the third edition of this bestselling reference.

World-renowned authority Dr. Anne G. Osborn and her expert author team of Drs. Karen L. Saltzman and Miral D. Jhaveri provide carefully updated information in a concise, bulleted format, keeping readers current with new disease entities and syndromes, MR imaging techniques and applications, and pathology relevant to brain imaging.
