

Ovid®

Lippincott Manual of Nursing Practice

Rely on Ovid as the trusted solution that transforms research into results

A classic nursing reference, the fully updated Lippincott Manual for Nursing Practice, 11th Edition, offers expert nursing knowledge and much-needed practical guidance on patient care.

Authoritative yet easy to follow, this comprehensive text guides you through the nursing concepts and skills particularly vital for medical-surgical assessment, care, and treatment. Essential for both in-the-classroom and on-the-unit guidance, this is the expertise that all students, new nurses, and medical-surgical nurses need to grasp essential nursing concepts, care management, and procedures.

Discover the insights and data that every nurse needs:

NEW

and updated features

- Nursing, Gerontologic, Drug, and Transitional Care Alerts, evidence-based references, diagnostic methods, and drug treatment throughout the book

Easy-to-read, well-illustrated outline format

- practical, pertinent, and comprehensive content for the busy nurse, including:

Patient education

- essential self-care, prevention, and health promotion information

Nursing assessments

- important signs and symptoms and other clinical data to be on the alert for in all types of conditions

Body system terminology

- how anatomy and physiology are affected by disease in each body system

Equipment use

- utilizing technology for patient monitoring and therapy

Nursing process and practice

- systematic use of the nursing process for assessment, planning, and intervention
