Successful Accreditation in Echocardiography: A Self-Assessment Guide

The editors of this unique book have produced the only echocardiography revision aid based on the syllabus and format of the British Society of Echocardiography (BSE) national echocardiography accreditation examination and similar examinations administered across Europe.

Sitting an accreditation examination is a daunting prospect for many trainee echocardiographers. And with an increasing drive for the accreditation of echocardiography laboratories and individual echocardiographers, there is a need for an all-encompassing revision aid for those seeking accreditation.

Written by BSE accredited members, fully endorsed by the BSE, and with a foreword by BSE past-president, Dr. Simon Ray, this indispensable guide provides a valuable insight into how echocardiography accreditation exams are structured.

Publication Year: 2012
Edition: 1st
