This is a time-tested, practical guide for nurses and other healthcare professionals who wish to transform their healthcare systems based on caring values and the promotion of intra- and inter-professional dialogue among stakeholders.

- Presents a theoretically grounded, proven caring-based model for healthcare system change for all stakeholders across the continuum of care
- Provides practical strategies for transformation in all aspects of a healthcare system applicable across the range of health services
- Describes how healthcare system change happens, who initiates it, and how to sustain it through caring science
- Includes success stories from patients and their families, nurses, physicians, ancillary service providers, healthcare administrators, and others
- Promotes inter- and intra-professional dialogue and collaboration
