Communication Skills for the Healthcare Professional

Intended to supplement the clinical coursework students complete in the first one to two years of all allied health programs, the book uses a broad range of examples, role plays, and scenarios from virtually every healthcare field, enabling both instructors and students to use it as an essential resource for mastering any area-specific communication skill.

Each chapter provides students with objective and short-answer questions to test comprehension of the material, as well as more complex clinical applications that encourage students to develop the critical thinking skills they will need every day as professionals in the healthcare industry.

Publication Year: 2011  
Edition: 1st Ed.  
Author/Editor: McCorry, Laurie Kelly; Mason, Jeff  
Publisher: Lippincott Williams & Wilkins (LWW)
