Ace the oncology boards with the field’s most comprehensive self-paced review!

Based on DeVita, Lawrence, and Rosenberg's Cancer: Principles & Practice of Oncology, Ninth Edition, this in-depth question-and-answer review and workbook covers the entire specialty of oncology and provides thorough preparation for oncology boards.

Inside, readers will discover hundreds of multiple-choice and case-based questions covering the principles of surgical oncology, radiation oncology, medical oncology, and hematology/oncology and the biology, diagnosis, staging, and multimodality treatment of cancers at every anatomic site. Included are state-of-the-art chapters on molecular techniques, targeted therapies, and current approaches to cancer prevention.

Detailed answers and explanations follow the questions to help readers grasp the 'how and 'why' behind each correct response. The ideal way to maximize exam scores for today’s student and residents.

Learning and review features include...
