Developed in collaboration with the North American Spine Society (NASS), this techniques-oriented book provides concise procedural guidance – from surgical approach to wound closure.

Each chapter is liberally illustrated with full color intraoperative photographs and includes pearls from master spine surgeons. Prepare for complicated cases: Cervical Spine | Anterior | Posterior | Thoracic Spine | Lumbar Spine | Anterior | Posterior | Special Patient Populations; Miscellaneous Issues

Chapters are clearly organized for efficient pre-surgical review and include:
- Indications
- Contraindications
- Alternative Treatments
- Results
- Techniques
- Setup and Exposure
- Instruments, Equipment, Implants Required
- Procedure
- Wound Closure
- Postoperative Regimen
- Avoiding Pitfalls and Complications
- Bibliography
- Coding
