OKU: Pediatrics 5
reflects the substantial number of high-quality studies in pediatric orthopaedics, as well as the most recent clinical practice guidelines and appropriate use criteria.

This comprehensive multispecialty resource explores the latest advances in pediatric trauma, sports-related injuries, and upper and lower extremity conditions, with a brand-new section on Neuromuscular, Metabolic, and Inflammatory Disorders.

Developed in partnership with the Pediatric Orthopaedic Society of North America (POSNA), this concentrated guide to new techniques, new approaches, and current controversies is ideal for anyone who treats pediatric musculoskeletal injuries.

Recognized section editors and contributors bring fresh approaches and perspectives, with a focus on delivering a well-rounded update of this rapidly evolving subspecialty.
