Role Development for the Nurse Practitioner, Second Edition

is an integral text that guides students in their transition from the role of registered nurse to nurse practitioner.

The text provides a comprehensive framework for interactive discussions on the role of the nurse practitioner, giving students a full understanding of the skills and knowledge needed for this dynamic profession.

The text employs a variety of nurse practitioner real-world stories to illustrate important points and to assist in the transition from RN to NP. Through in-depth coverage of the concepts and skills critical to the nurse practitioner, the authors provide a strong foundation for the role, exploring topics such as nurse practitionering as a unique practice theory.

Features and benefits:
- Seminar questions at the end of each chapter
- Nurse practitioner stories
- Alignment to Masters and DNP Essentials
