Manual of Pediatric Therapeutics

Thoroughly updated for its Seventh Edition, this practical quick-reference manual presents authoritative patient management guidelines based on the extensive clinical experience at The Children’s Hospital in Boston.

Coverage includes normal newborn, well-child, and adolescent care, acute care, disorders of each organ system, behavioral disorders, and management of the child with developmental disabilities and specialized health care needs. The text includes numerous easy-to-scan tables and a popular "A to Z" drug formulary.
