A comprehensive review of the topics on the American Board of Surgery In-Training Examination (ABSITE), the certifying exam, and recertification exams.

Chapters are co-authored by residents and attending physicians at the Hospital of the University of Pennsylvania and integrate basic science with clinical practice. More than 300 illustrations complement the text.

This edition's Table of Contents has been reorganized to match the current exam. The Key Concept summaries have been expanded and moved to the front of each chapter. Additional diagrams and tables have been included for quicker review.
