Feeling unsure about the ins and outs of charting? Grasp the essential basics, with the irreplaceable
Nursing Documentation Made Incredibly Easy!*®, 5th Edition

Packed with colorful images and clear-as-day guidance, this friendly reference guides you through meeting documentation requirements, working with electronic medical records systems, complying with legal requirements, following care planning guidelines, and more. Whether you are a nursing student or a new or experienced nurse, this on-the-spot study and clinical guide is your ticket to ensuring your charting is timely, accurate, and watertight.

Let the experts walk you through up-to-date best practices for nursing documentation, with:
NEW and updated,
, fully illustrated content in quick-read, bulleted format

NEW
discussion of the necessary documentation process outside of charting—informed consent, advanced directives, medication reconciliation

Easy-to-retain guidance
on using the electronic medical records / electronic health records (EMR/EHR) documentation systems, and required charting and documentation practices

Easy-to-read, easy-to-remember content that provides helpful charting examples
demonstrating what to document in different patient situations, while addressing the different styles of charting

Outlines the Do’s and Don’ts of charting
- a common sense approach that addresses a wide range of topics, including:
Documentation and the nursing process—assessment, nursing diagnosis, planning care/outcomes, implementation, evaluation
Documenting the patient’s health history and physical examination
The Joint Commission standards for assessment
Patient rights and safety
Care plan guidelines
Enhancing documentation
Avoiding legal problems
Documenting procedures
Documentation practices in a variety of settings—acute care, home healthcare, and long-term care
Documenting special situations—release of patient information after death, nonreleasable information, searching for contraband, documenting inappropriate behavior

Special features include:

Just the facts
- a quick summary of each chapter’s content

Advice from the experts
- seasoned input on vital charting skills, such as interviewing the patient, writing outcome standards, creating top-notch care plans

“Nurse Joy” and “Jake”
- expert insights on the nursing process and problem-solving

That’s a wrap!
- a review of the topics covered in that chapter
