Care of People with Diabetes is an essential guide to the care and management of people with diabetes mellitus, with particular emphasis on the acute care setting.

Care of People with Diabetes is written by an experienced clinical nurse specialist with extensive knowledge of evidence-based diabetes care. The book serves as an essential companion to clinical practice for nurses and health professionals.

This third edition of Care of People with Diabetes has been extensively revised, and includes new information on smoking cessation, diabetes and driving, coeliac disease and Polycystic Ovarian Syndrome.

Key features:
* Fully revised new edition of a successful text
* Provides the evidence for best practice
* Includes protocols for consistent care and improvement of patient outcomes
* Each chapter includes lists of key points, boxes highlighting key information, further reading, patient information, and patient care sheets.
